

Share great bikes. Earn referral commission.

Introduce sellers and bring new buyers to BidBikes auctions. Earn a share of the buyer fee we actually collect.

20%

Listing referral

Introduce a seller. Have BidBikes assign your code to the bike **before scheduling**. You earn when that auction sells and its buyer fee is collected.

30%

Buyer referral

Share your personal signup or bike referral link. Your link saves the code after signup or login. It must be saved **before their first bid**. You earn on their **first qualifying collected auction fee**.

Current program split; your agreed rates are confirmed at setup. Combined listing and buyer shares cannot exceed 50% of the collected buyer fee.

What could you earn?

A **\$6,600** sale with a **5% buyer fee** produces **\$330** in collected fees.

LISTING REFERRAL	BUYER REFERRAL	BOTH REFERRALS
\$66	\$99	\$165

Earn both shares when both qualifying referrals are credited to you. These amounts are commissions from the buyer fee, not the bike sale price or a buyer discount.

Get set up. Share. Track your earnings.

- 1. Join:** Create an account and ask BidBikes to approve your collaborator code.
- 2. Share:** Copy your signup link or build a bike referral link in Dashboard > Referrals.
- 3. Track:** See your referral activity, earnings and payment history in that same tab.

How payment works

Collected fees create pending earnings. BidBikes reviews the retained fee, then arranges a **manual payout** with you. Refunds or disputes can delay or reduce earnings; timing and payment method are agreed with BidBikes.

Know before you share

Buyer invitations last **90 days** from the first captured link visit (or manual code entry). The first eligible bid must be within that window; the auction can close later. Buyer credit applies only to the first qualifying purchase. Buying through your own code does not qualify. Marketplace listings are excluded.

Sharing tip: Link to your personal referral URL and tell your audience that you earn a commission on qualifying purchases. For seller introductions, have BidBikes confirm the listing assignment.

Let's get you set up.

Create an account at bidbikes.com, then email info@bidbikes.com.

Affiliate program terms, including commission rates and referral windows, are reviewed every six months and may change with advance notice. Changes will apply going forward, with existing referral commitments and earned commissions honored.
